

A digital book for inclusive learning

Ressources for publishers

This project (2022 - 1 - FR01 - KA220 - SCH - 000088072) has been co-funded by the Erasmus+ Programme of the European Commission. This publication reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Les Doigts
Qui Rivent...

Ludens

The Flex Picture Ebook team has developed tools for all content producers (publishers, transcribers, and adaptors) to streamline the production chain of your accessible illustrated EPUB3 files.

These tools are freely available.

flexpictureebook.eu

Ressource Links

1) Methodology for Designing Accessible Illustrated Content

- A practical guide to adapting images for disabled readers
- A step-by-step guide to writing specifications for the graphic designer, sound designer and digital developer
- A step-by-step guide to helping neuroatypical children to access text comprehension

2) Flex Picture Ebook Illustrator Plug-in

This plugin will help you turn your drawings into multi-layered, interactive SVG images.

- Windows and MacOS compatible version to download
- Tutorial video to watch

3) Flex Picture Ebook Builder

This software will help you create your enriched illustrated EPUB3. It allows you to organize the content (text, files for each illustration with its different levels of simplification, audio files) as well as the menu proposed to readers at the start of the book:

- Windows and MacOS compatible version to download
- Tutorial video to watch
- Source code to download (GitHub)
